## 675 Hour AmeriCorps Member

### Pictograph Cave State Park

### Billings, Montana

**Term of service:** May 21, 2018 – September 21, 2018

**Service schedule:** Member will serve a minimum of 685 hours over a 18 week term, averaging 41 hours per week with 40 hours of “Time Not Scheduled to Serve” to be used as sick, vacation, or other personal leave.

#### **Position Summary:**

Pictograph Cave was designated a National Historic Landmark in 1964 because of its archeological significance. It is the site of the first major archeological excavation of the Northern Plains, conducted here from 1937 to 1941. Prehistoric hunters who used Pictograph & Ghost Caves left over 100 pictographs and over 30,000 artifacts, some of which are thought to date back over 4,000 years. Pictograph Cave State Park is located 5 miles south of Billings, Montana, the largest city in the state.

One of our missions at Pictograph Cave State Park is to provide interpretative and educational programs to visiting schools and other groups. An AmeriCorps member will provide a much-needed presence that will allow us to offer high quality presentations on a two to three part rotation for visiting schools. During peak visitation an AmeriCorps member may lead walking tours, display fur trunks, hold atlatl contests and help coordinate other visitor activities. They will provide for a more family friendly experience organizing a wide variety of activities such as Jr. Ranger Days, Scavenger Hunts or hands-on archaeological digs in our outdoor dig boxes. We are constantly learning new stories and facts about this site pre-1930’s and have been busy compiling this information into interpretive materials. An AmeriCorps member would assist with the development of these materials and collaborate with updating interpretive panels or displays to better reflect the current and historic content of this site.

A member will also be required to host several volunteer service projects with the focus of improving park grounds and trails. The member will work co-operatively with MCC crews, United Way, and youth service groups to plan and implement these projects. The AmeriCorps member will continue to monitor the spread of noxious and invasive species. They may plant and maintain native grass seed and add trees and shrubbery throughout the site.
