- C. The "primary occupant" of a campsite is the person whose name is on the campsite registration/permit and whom must be an actual occupant of the campsite.

- E. Camping fees are established for peak season and off-season as defined. Off-season camping fees shall apply in developed campgrounds that do not provide potable water.

- G. Campers must pay the required fee upon occupying a campsite, cabin, yurt, or tipi. The camping permit must be attached to the campsite post if available or displayed on driver's side dashboard. If those options are not available, the permit must be displayed on the tent of the registered camper or in some other prominent location.
- H. The single occupancy campsite fee will apply to each camping unit and/or increment of eight persons for dispersed camping areas and multiple occupancy campsites (doubles, quads, or larger groups).
- I. The nonresident camping fee includes the nonresident park entry fee. A nonresident who purchases a state park Entrance Pass will be subject to the resident camping fee. - N. A senior citizen with a Golden Years' Pass issued by the department shall be granted free camping. The Golden Years' Pass is valid only if the holder or spouse is in the vehicle to which it is attached. This pass is non-transferable.
